Presidents Message

November 2024

I hope all is well with you and yours.

We had a great turnout at the Convention this year and a good time was had by all. Looking forward to seeing you all at next year's convention.

We have been continuing our work on the health protection bill and have been working closely with the NYC Organization of Public Service Retirees. As you know, the bill received great support from both active and retiree groups and garnered fantastic support from state legislatures. The bill was stopped at the end of the session by opposition from the AFLCIO. The UFT backed off from their opposition shortly after the session ended and the MLC notified the city that they would not pursue the Medicare Advantage plan.

The health protection bills will be renumbered for the new session and the calls for action will follow shortly thereafter.

On another front, Marianne Pizzitola and the NYC Organization of Public Service Retirees were successful in getting a health protection bill introduced in the city council, spearheaded by Councilman Christopher Marte, Into – 1096.

Our success is determined by the involvement of everyone in our political action. We have put out blast emails regularly during the last session, asking for your help, and you stepped up to the plate. We will be continuing with this process in the upcoming legislative session. Thank you for your efforts and your continued support, the results are obvious.

Happy Thanksgiving to you and your families.

Mike
